FREE Community Screening of "Look & See": Friday the 20th

Traverse City holds a unique relationship with agricultural and rural ways of life. Being surrounded by mostly agricultural communities, much of the city's economy is dependent on agriculture in some way. The Elk Rapids Cinema is hosting a community screening of "Look & See: A Portrait of Wendell Berry". The film, which is highly influenced by writer and evangelist Wendell Berry's agrarian philosophy; brings farming alive combining observations, interviews and evocative photography across the four seasons in the farming cycle. Following the film there will be a live discussion taking place. The event is being put on through a collaboration of efforts made by Crosshatch Center for Art & Ecology, Au Sable Institute of Environmental Studies, Under Toe Farm, MyNorth Media, and the Elk Rapids Cinema.
